Hagopian, an 80-yr-old Armenian was taken up the slopes of Mt Ararat by his uncle to see Noah's Ark while he was 10 yrs old in 1902.

It was a year of not much snow. They stacked stores up next to the ship. It had a raised section in the roof filled with holes on the side of the roof - for air.

He clipped a piece from the side of the  
ark (Hickamole). Then he & his uncle  
went down the mountain  
to Van.
